

Marinda Rebecca Davis
October 1957 - August 2018

Marinda Rebecca Davis served as a Career Planner for the local Macomb/St. Clair Michigan Works! system in our Clinton Township Career Center. Marinda worked for Macomb County (Macomb/St. Clair Employment & Training Agency) since November 30, 2009. She provided a total of 28 years of workforce development related experience. Aside from her Master's degree in Guidance and Counseling, Marinda also earned her Career Development Facilitator certificate. Marinda used her education and experience to assist income eligible Adults and Dislocated Workers plan their career goals and provide tuition assistance to obtain those goals.

Marinda's legacy began in her heart and it will live on in those she met. She was full of compassion and made you feel loved, supported and appreciated. Helping others was not just a career for her it was her ministry. Marinda would often shop on her lunch hour, then after working a long day, take those groceries to a friend that was home bound to prepare them dinner. She brought in gifts on a regular basis for our children. She never forgot to ask about our families and shared her insights on how to help them with their struggles. Marinda filled her candy dish with all our favorite goodies and if by chance you were not housed in our office, she would send them to you through interoffice mail. Her obituary said she lead a purposeful life and we could not agree more!

Marinda was a part of our family and the Macomb St. Clair Employment and Training Agency will never be the same without her smile, her quick wit, her spunky personality, her friendship, her honesty, and her candy dish. We are heartbroken by her passing, but we are all better people because of her.

We want to sincerely thank everyone that reached out to show their support to our staff at the Clinton Township office. We are so grateful to the co-workers that came over to cover the office so that we could all attend Marinda's memorial service. We sincerely appreciated the email that was sent out by Mr. McKinnon, the Director of Human Resources, sharing the news of her passing, as well as the personal phone call from Brian Jacks offering his condolences and support during this difficult time. Lastly, we want to thank everyone that contributed to Marinda's memorial fund. Marinda's wish was that in lieu of flowers, donations could be given to the music program at her church. We were able to donate \$500.00 to the music program at the Faith Church in Rochester Hills in her memory.

Sincerely,

M/SCETA Staff
