### **North Avenue now open in Macomb Township**

The Macomb County Department of Roads today opened a new expanded section of North Avenue in Macomb Township.

The new five-lane road will help the flow of traffic between M-59 and 21 Mile Road. Over 20,000 vehicles travel this roadway daily.

The project cost was \$4.8 million with the majority covered by federal funding. Construction began in February and was completed on time.
